CANADA'S PREMIER CHOCOLATIER SINCE 1873

Ganong Bros., Limited
Chocolate Operations Production Manager
 Job Posting - #CPM24112017

Established in 1873, Ganong has the distinction of being Canada's oldest independently family owned and operated chocolate company. To this day, the company continues to manufacture its famous confections in the town of St. Stephen, New Brunswick. Ganong continues to grow in the fast paced & competitive world of food manufacturing and is currently seeking a Maintenance and Engineering Manager.

Position Summary

The Chocolate Production Manager oversees 5 production lines, 5 Supervisors, 4 team leads and ~150 production workers and is responsible for the daily management of safety, quality, production and continuous improvement. As a production manager you will work alongside your team and lead by example directing your personnel towards high levels of performance.

Key Responsibilities:

- Responsible for driving a culture/environment that promotes safety, operational excellence, continuous improvement and a continuous increase in performance output
- Provide leadership, direction and coordination to ensure business operations are efficiently using the necessary resources to meet customer requirements and established company goals
- Support Director in creating department budgets and savings plan that focuses on continuous improvement of labor and materials.
- Establish and maintain production within specific guidelines for production efficiency, labor cost, minimizing product re-work and controlling waste
- Work with team leads and area supervisors to provide hands on support and leadership
- Provide daily, weekly and monthly operational reports that explain labor and material inefficiencies and their solution.

Qualifications:

- Educational requirements include a degree and/or diploma in a relevant technical or business field
- Proven Management / Business acumen, including five (5) years + experience in Management and/or Operational role in a mid-size (or larger) company
- Strong ability to motivate, mentor, empower and lead a team through growth opportunities in an everchanging industry
- Food Production background experience
- Must be familiar with food safety and quality programs and their requirements
- Strong "financial" background or experience, with the ability to establish and implement budgets
